

United Way of Southeastern Pennsylvania

Advancing the Common Good

United Way is working to advance the common good by focusing on *education, income* and *health*. These are the building blocks for a good life – a quality education that leads to a stable job, enough income to support a family, and the services and programs seniors need for healthy and safe aging at home.

Our goal is to create lasting changes and invest in prevention and interventions that break the cycle for generations to come.

Our vision for Greater Philadelphia is bold:

- Preparing Children and Youth to Succeed in School and in Life
- Building Financial Stability and Independence for Families
- Keeping Seniors Healthy and Safe at Home

We invite you to be part of the change. United together, we can inspire hope and create opportunities for a better tomorrow. That's what it means to **LIVE UNITED**.

United Way's Community Impact Fund

How to get the maximum return on your investment

Investing in the United Way's Community Impact Fund ensures that **your dollars drive measurable lasting change**. United Way invests your dollars in real solutions to our region's problems. Your gift, together with the donations of time and money made by over 100,000 other southeastern Pennsylvanians, is put to work in ways that make a difference far greater than what any one person could make on their own.

When you give to United Way's Community Impact fund, your gift:

- **Remains local.** Your gift will improve lives and strengthen neighborhoods where you and your family live and work – in *your* community.
- **Goes further.** United Way combines your gift with the gifts of over 100,000 of your friends and colleagues to maximize your impact on our region.
- **Gets results.** Through our competitive process, United Way funds nonprofit agencies delivering results in the region, helps social service agencies to become more effective and cost-efficient, engages volunteers in advocacy and community service, and pulls together resources from the business, labor, government and nonprofit communities.
